Discover the artistic and creative style of wedding photography that we can provide for your special day.

The person you hire for your wedding should be someone who will make it possible for you to experience that trip down the aisle over and over again. Someone who realizes this is your day and strives to make your wishes and dreams come true.

First Class Photography offers beautiful, personal photography with a high standard of service and quality at an exceptional value.

It's All About You and Your Wedding Day...

Every wedding couple has a different idea of what makes a perfect wedding package.

Over the years, we have found that couples need to “tweek” their package to give them what they really need and can afford.

So now you can tailor your own wedding package and build your own price.

Start with our base coverage package below and add the items on the following pages from there.

Please note that travel and accommodations will be added as needed.

Basic All-day Coverage	\$800.00
High Res Disk Included	

Your base package comes with up to 14 hours coverage (depending on where you are getting married) and includes an engagement session with an 11x14 enlargement complete with signature matte.

High resolution disks contain printable quality photos.

For locations outside of Portage la Prairie (greater than 25 km), our day will begin no earlier than 10:00 am. If requested sooner, accommodation allowances may be applied to your package.

Photographer will remain until approximately 9:00 pm (will usually stay later if travel is not required). A rate of \$50.00/hour will be applied if you wish he/she to remain past that time.

Additional Photographer rate is \$300.00 per day.

Locations greater than 200 km from Portage will be charged 1 night accommodation.

Travel rate for 2012 is .40 cents/km

As a courtesy, we ask that you provide the photographer and any assistants a meal at supper.
